# The Pre College Program

## 1 Year PCP

### Introduction

The Pre College Program (operated by Technikum Wien Academy) offers a possibility for international students to acquire necessary entrance requirement competences to apply for Bachelor studies at the University of Applied Sciences Technikum Wien in Vienna, or other Austrian universities according to their admission requirements.<sup>1</sup> The completion of the program will not guarantee admission to the degree programs offered at the University of Applied Sciences Technikum Wien, but will prepare participants in content areas necessary for the placement test for admission to one of the Bachelor programs. This placement test includes problems from these fields of knowledge: English, Mathematics, Physics, Informatics, Electrical Engineering, Biology, and German.

# The Pre College Program Extended – 1.5 years in Vienna

## Introduction

The Pre College Program Extended is a course designed for students who do not have any basic knowledge of German. The 1.5 year program begins with a half-year preparatory course for German in Vienna and continues with the standard one-year course at the UAS, covering English, Mathematics, Physics, Informatics, Electrical Engineering, Biology, and German.

## Facts and Figures

Duration:

1.5 academic years at the University of Applied Sciences Technikum Wien

Total Credits: 52 ECTS

Number of Students: 30 per year

Language of Instruction: German (English)

Start of Program: July (distance learning), February (courses in Vienna)

Tuition Fee: Euro 10,000

# The Pre College Program Extended – 2 years in Vienna

## Introduction

Also the two-year German preparatory course for students without any basic knowledge of German starts directly in Vienna. The entire first year of the foundation course puts the focus solely on German and English to provide the students with a solid foundation for the following second year where they enter directly into the standard one-year course at the UAS, covering English, Mathematics, Physics, Informatics, Electrical Engineering, Biology, and German.

## Facts and Figures

Duration:	2 academic years at the University of Applied Sciences Technikum Wien
Total Credits:	62 ECTS
Number of Students:	30 per year
Language of Instruction:	German (English)
Start of Program:	July (distance learning) October (courses in Vienna)
Tuition Fee:	Euro 12.500

## Admission Requirements for Pre College Program and Pre College Program Extended at UAS Technikum Wien

- Completed Application Form
- Motivation Letter and CV in German or English
- Valid upper secondary school leaving certificate
- Proven competence in German A2 (not necessary for Pre College Program Extended)

At the University of Applied Sciences Technikum Wien these supplementary examinations are taken as part of the Pre College Program.

## Entrance Examination

Successful applicants will have performed among the best candidates in

- Written Tests Mathematics, Physics
- Written and oral Tests German, English
- Personal interview

# About Us

## Austria's Largest Technical University of Applied Sciences

With over 6.000 alumni and around 4.000 students currently taking its 12 bachelor's and 18 master's degree programs, UAS Technikum Wien is the largest purely technical university of applied sciences in Austria. It offers an extremely diverse range of bachelor's and master's degree programs. All of the programs are based on a solid theoretical foundation, while also being application-oriented. They are offered as full-time and/or part-time as well as distance learning degree programs in the four following technical areas:

- Communication Technologies & Electronic Engineering
- Information Technologies & Business Solutions
- Engineering & Environmental Technologies
- Life Science Technologies

At UAS Technikum Wien, emphasis is not only placed on providing a high-quality technical education, but also on language training and subjects with a focus on business and personal development. Close ties with business and industry give students and graduates excellent career opportunities.

UAS Technikum Wien was founded in 1994 and became Vienna's first university of applied sciences in 2000.

### **Our formula for success**

Technology + business + personal development
